Backstage Tours take visitors on a fascinating journey "behind the scenes". Tours are escorted by the Assistant Technical Director/Industrial Safety Administrator, Malcom Browne, through the wardrobe department, wigs and make-up department, scenery handling facility, prop production, main stage and more. Following the tours there will be a snack and a discussion session with Mal and consultants John Dimos and Dr. David Hinkamp, on the special hazards associated with the "backstage" activities and the controls that have been implemented. Contact Kevin Aikman for more information at (630) 691-8271.
